REASONS TO JOIN

Harbor Advantage

1

COMPLETE A.O.C.

All students entering California community colleges are required by the State to be Assessed, Orientated, and Couseled (A.O.C.).

Students participating in the Harbor Advantage will receive all three of these services preventing them from losing enrollment priority.

2

DEDICATED COUNSELORS

Los Angeles Harbor College has amazing counseling faculty serving the entire campus population, however. Students in the Harbor Advantage have their own team of dedicated counselors to assist them with educational planning, career exploration, and any other services needed.

3

FULL-TIME STATUS

Harbor Advantage students are enrolled for both the fall and spring semesters at full-time academic status for their first year of college.

The outcome will be a Harbor college student with up to 24 units of completed college courses, including having their English and Math course requirements complete. This moves students closer to accomplishing their goal of transfer and/or graduation.

4

ENGLISH & MATH COURSES

After students have taken their English and math assessment test, they are placed at a specific readiness level. Harbor Advantage students will begin their college journey from the courses they have assessed into.

5

STUDENT SUPPORT

LA Harbor College has a wide range of student support services available. Services range from academic tutoring, success workshops, to participating in any of our support programs (i.e. EOPS, DSPS, etc.).

Harbor Advantage students will utilize these services and more. Our staff and faculty will ensure that participating students are made aware of the opportunities available to them and will facilitate their active involvement.
